Data Analyst

Ritik Raushan

CGPA	8.33 / 10
Projects	3+
SQL Rank	Top 5%

WHAT I WORK WITH

Skills & Technologies

Hands-on expertise in data cleaning, analysis, and visualization — transforming raw data into actionable insights.

SQL	92%
Power BI	88%
Tableau	72%
Dashboard & Reporting	87%
Python	80%
Advanced Excel	85%
Data Cleaning & EDA	90%
Descriptive Statistics	82%

Technologies & Tools

SQL · Python · Power BI · Excel · Tableau · Power Query · Data Cleaning · EDA · KPI Development · DAX · MS PowerPoint · Problem Solving · Critical Thinking · Data Transformation · Insight Generation

CAREER JOURNEY

Work Experience

Real-world experience working with datasets, building dashboards, and generating actionable insights.

Data Analyst Intern

Feb 2025 – Mar 2025

Edunet Foundation · Hybrid · Bangalore

SQL Python Power BI Excel

→ Analyzed and cleaned datasets using SQL, Excel, Power BI, and Python to generate actionable business insights.

→ Performed data cleaning, transformation, and analysis on real-world datasets to extract meaningful patterns.

→ Created interactive dashboards and visualizations to present data-driven insights effectively to stakeholders.

→ Improved analytical thinking and problem-solving skills through hands-on projects and guided mentorship.

WHAT I'VE BUILT

Featured Projects

End-to-end data projects — from raw data ingestion to interactive dashboards that drive decisions.

Customer Churn Analysis Dashboard

Processed and analyzed 7,043 customer records. Developed KPIs including Total Customers, Churn Rate (26.54%), and Churned Customers (1,869) to monitor retention performance. Identified key churn patterns across customer segments.

SQL | Power BI | Excel | KPI Design

Sales Performance Dashboard

Analyzed sales dataset with 30+ SQL queries to extract insights on revenue (INR 16.45L), customer behavior, and trends. Built interactive Power BI dashboard showing category performance and city-wise revenue distribution.

SQL | Power BI | Revenue Analysis | 30+ Queries

Prime Video Analysis Dashboard

Analyzed the Prime Video dataset to derive insights on content distribution, ratings, and genres. Developed KPIs: 9,655 Titles, 25 Ratings, 519 Genres, 5,771 Directors. Visualized trends by year, country, and content type.

Excel | Power BI | Power Query | Content Analytics

ACADEMIC BACKGROUND

Education & Certifications

Bachelor of Computer Applications

Acharya Institute of Graduate Studies, Bangalore

Graduated 2025 · CGPA: 8.33 / 10

Best Final Year Project — 2025

Acharya Institute of Graduate Studies

Power BI dashboard — Academic performance across 6 departments over 3 years

Google Data Analytics Certificate — Coursera (2024)

Completed 8 practical case studies involving SQL, data cleaning, dashboards, and presentations.

Top 5% in SQL HackerRank Challenge — 2025
Ranked among the top 150 out of 3,000+ participants for intermediate SQL problem-solving.
